Our Lower Primary School's Project Day was a lively celebration of Nature's Symphony, where students creatively explored the five elements of Earth.

The graduation ceremony for the CBSE Grade XII and Cambridge A Level classes of 2025–26 marked a significant milestone in the lives of these students.

Education Today has nominated The GeeKay World School for India's Prestigious School Jury Awards 2025 in the category "Promising Academics" for its outstanding achievements in academic excellence.

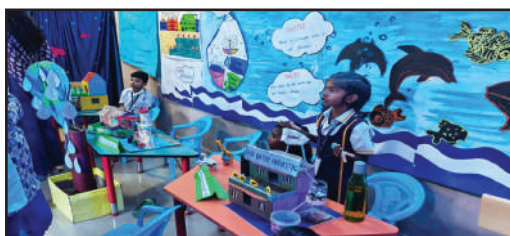

# Project Day 2025

Our Lower Primary School's Project Day was a vibrant celebration of Nature's Symphony, where students creatively explored the five elements of Earth with confidence.

Grade 1 presented "Land Trove," showcasing different landforms and their significance. Grade 2 brought water's journey to life in the Bluripple Room, while Grade 3 Alpha highlighted the role of air in Cosmo Corner. Grade 3 Beta demonstrated the power and safety of fire in the Blaze Room. The clubs added an enriching dimension to the day: the Science Club impressed everyone with space models, the Robotics Club connected coding to everyday applications, the Abacus Club engaged visitors with fun number games and concentration-building activities, and the Art Club displayed beautiful artwork crafted by the students. Overall, the event reflected teamwork, curiosity, and a joyful learning experience.

The Kindergarten section also enthusiastically participated in the Juvenile Vend, where each class set up and managed its own food stall. K2 students served samosas, fries, and cutlets, while K3 offered rolls, nuggets, and chicken 65. Parents and students crowded the stalls, enjoying snacks and supporting the young vendors. Through this hands-on experience, the children learnt practical maths skills, developed confidence, and gained a real understanding of how shops operate. Both events showcased our students' talents and enthusiasm wonderfully.

# Graduation Ceremony 2025-26

The GeeKay World School held a grand Graduation Ceremony on December 13, 2025, for the CBSE Grade XII and Cambridge A Level classes of 2025-26, marking a significant milestone in the lives of these students. The event was filled with emotion, pride, and celebration, and was attended by our Managing Director, Mr. Vinod Gandhi; Management Member, Ms. Sheela Vinod; and Head of School, Mr. Ramkumar, along with parents and teachers.

The ceremony began with a prayer, followed by a procession of the graduates and the lighting of the Kuthuvilaku. Valedictorians S. Praveen Kumar and N. Sadhana, along with cultural achiever Dharun Balaaji and sports achiever Nishanth Gajendra, were honoured with certificates and mementoes presented by Mr. Vinod Gandhi.

The graduates received their scrolls and certificates, during which several shared reflections on their school journeys. A candle-lighting and pledge ceremony reinforced the values of leadership and responsibility before Mr. Vinod Gandhi officially declared the students graduates.

The event concluded with the National Anthem and the traditional cap toss, marking a proud moment for the Class of 2025-26.

# Education Today Award

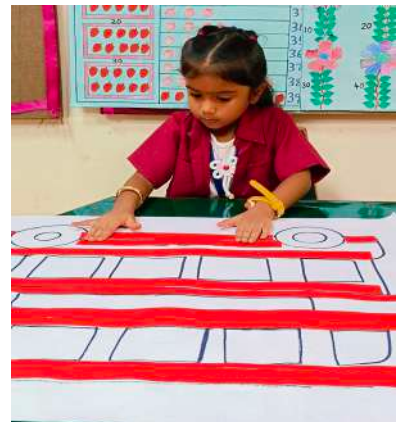

## TGWS Ranked Among India's Top 100 Schools

Education Today has nominated The GeeKay World School for the prestigious School Jury Awards 2025 in the category of "Promising Academics." This recognition highlights the school's outstanding achievements in academic excellence, leadership, innovation, and holistic student development. Mr. Boopathy, our Associate Coordinator, accepted this award on behalf of The GeeKay World School at an event in Bengaluru 05/12/2025. The school has consistently upheld high standards, demonstrating its commitment to holistic education. The management of The GeeKay World School takes great pride in attributing this success to the dedicated efforts of the students, faculty, and parents.

# Colour of The Month - Red Day

The Kindergarten classrooms were filled with excitement as our little learners explored the colour red through joyful and hands-on craft activities. K1 Kiwi happily created a bright train engine using sponge dabbing, while K2 Kiwi soared high by making an aeroplane with straw printing. K2 Litchi had fun designing a car with satin ribbon, and K2 Strawberry brought a lively double-decker bus to life using colourful chart strips. Our K3 Kiwi students crafted an impressive cargo ship by sprinkling rice, K3 Litchi enjoyed making a bike with paper pasting, and K3 Strawberry sparkled with creativity as they made a fire engine using glitter. These cheerful activities made learning colourful and memorable, while encouraging creativity, fine motor skills, and a love for exploring colours.

# Juvenile Vend

Our Kindergarten was buzzing with excitement during the Juvenile Vend, as our young learners embraced their roles as little entrepreneurs. Each class proudly set up its own food stall and actively participated in selling its delicious offerings. K2 Kiwi delighted visitors with vegetable and chicken samosas, while K2 Litchi served crispy French fries, and K2 Strawberry offered tasty chicken cutlets. In the K3 section, K3 Kiwi sold chicken and paneer rolls, K3 Litchi treated customers to chicken nuggets, and K3 Strawberry prepared flavourful chicken 65. The event was made even more special by the visit of our Managing Director Mr. Vinod Gandhi, and Management Member Ms. Sheela Vinod, who enjoyed the snacks at the young vendors' stalls. They were charmed by the cheerful jingles sung by our little vendors.

# Talent Hunt Show

The Talent Hunt Show was a joyful and colourful event that provided our Kindergarten students with a wonderful opportunity to showcase their creativity and artistic abilities. The event was thoughtfully planned around the theme of vehicles. K1 students participated in "Vehicle N Colours," where they carefully colored outline pictures of vehicles using crayons. K2 students enjoyed "Ride and Colour," combining crayons and colored pencils to add more detail to their pictures. K3 students took part in "Paint a Picture," where they confidently used paints to bring their vehicle images to life. The children participated with great enthusiasm and pride. The event helped develop their fine motor skills, creativity, focus, and self-confidence while allowing them to express themselves through art.

# Outdoor Activity - Transport Theme

The Kindergarten students actively explored the theme of transportation through engaging and interactive activities. The K1 children participated in an activity called "Where Do I Travel," where they walked around and acted out different modes of transport using picture cues, making learning both fun and lively. The K2 students enjoyed an activity called "Traffic Clearance," where they moved along a mock road with craft steering wheels and handlebars, carefully following traffic rules displayed on signboards placed along the roadside. Meanwhile, the K3 students took part in "Journey Junction," where they were divided into groups and provided with pictures and toy vehicles. Each child confidently took turns showing a vehicle and speaking a few lines about it. These outdoor activities helped the children understand different modes of transport and traffic safety while also developing their communication skills, teamwork, and confidence—all while making learning active and enjoyable.

## Teacher Talk

Stepping into the classroom as a new educator is a journey marked by anticipation and a profound sense of responsibility. I am eager to spark curiosity, foster a love of learning, and build meaningful relationships with my students. Alongside this enthusiasm, I fully embrace the challenges of effective classroom management, addressing diverse learning needs, and maintaining student engagement.

I am committed to continuous self-improvement through reflection, feedback, and professional development, recognising that growth is an ongoing process. Creating a safe, inclusive, and supportive classroom environment where every student feels valued is a top priority for me. As I work towards finding my professional rhythm, I remain patient with myself and focused on adapting my teaching strategies to meet the needs of all learners. Ultimately, I am driven by a sincere desire to guide, inspire, and make a lasting positive impact on every child entrusted to my care.

### CHRISTMAS MAGIC

Christmas is coming, oh, what fun!  
Presents for everyone.  
Trees decorated with lights so bright,  
A magical sight on this merry night.  
A diamond shines no brighter than that lovely  
Christmas star  
What a sight to see!  
Milk and cookies are out, and kids are tucked  
in tight.  
You see, reindeer need snacks too,  
And a little love and fun to help  
SANTA through the night.

## Parent Talk

As a parent whose children have been studying at this school for the past three years, I am truly impressed by the way my daughter communicates in English and expresses her thoughts with creativity and maturity. I have observed significant growth in her confidence and overall personality development. The school offers a wide range of extracurricular activities that encourage her to think critically, work diligently, and explore her potential beyond academics. I did not have access to such opportunities during my own schooling, which makes me even more grateful to have found a school that nurtures brilliance and excellence.

This school has consistently motivated my daughter to try new things and strive for excellence. She particularly enjoys participating in sports, which has helped her develop discipline, teamwork, and a healthy lifestyle. I sincerely appreciate the school's dedication to providing quality education and holistic development, and I look forward to seeing my daughter continue to flourish here.

Asharani Tamilselvan,  
P/O Sasha (Grade 7 Alpha), Diganth (Grade 4 Beta)

# MONTHLY PLANNER
