THINK AND LIVE BEYOND

TGWS hosted an exciting power play, which highlighted the incredible talents of our students.

Public Speaking Finale showcased the students' speaking abilities and their confidence on stage.

# Power Play

On February 28, 2026, our school hosted an exciting event featuring Swimming, Skating, and Badminton, which highlighted the incredible talents of our students. The events showcased the participants' hard work and dedication, with impressive performances across various categories. In Swimming, students demonstrated different strokes, speeds, and endurance, leaving spectators cheering. Skating participants displayed agility and speed, showcasing their skills and grace. The Badminton display was intense, with players executing powerful smashes and engaging in thrilling rallies. Parents enjoyed watching their children perform in the rink, pool, and badminton court. The overall enthusiasm and energy of the students contributed to making the event a resounding success.

# Public Speaking Finale

The Public Speaking Finale for Grades 4 to 7 took place at the Geekay Convention Hall on March 27<sup>th</sup>, with parents in attendance. This event was organised in association with Action DNA, Chennai. Students actively participated in various sessions, including the Star Speaker, Storytelling, Tonal Variation, and Debate, confidently showcasing their communication skills. The event concluded with awards for the winners and runners-up, who received cups and medals. Overall, the programme was a tremendous success, enhancing the students' public speaking abilities and building their confidence on stage.

# Colour of the Month - Brown Day

Brown is bold, beautiful, and cute! Our Kindergarten children and teachers celebrated the Colour of the Month, Brown, by wearing brown attire, engaging in fun brown-themed activities, and creating lovely brown-coloured takeaways.

The activities were creatively planned for each class. The K1 Kiwi children enjoyed sponge dabbing on pictures of acorns. K2 Kiwi children sprinkled sand on pictures of camels, while K2 Litchi children made beautiful deer pictures using finger painting. K2 Strawberry children pasted dry leaf crumbs onto pictures of violins. K3 Kiwi students glued cotton balls dipped in brown paint onto pictures of bears. K3 Litchi children explored bubble printing on pictures of Jerry, and K3 Strawberry children decorated a bird's nest using brown paper strips.

As a takeaway, our little champions also made cute brown bear masks. They happily posed for photographs with their beloved teachers and proudly displayed their creations. Overall, our little stars had a wonderful time and truly enjoyed the Brown Day celebration.

# Graduation Day and Achievers' Day

Small hands, big dreams, and endless possibilities: Congratulations to our little graduates and achievers! Graduation Day and Achievers' Day are two of the most memorable milestones for every Kindergarten child and their parents. This special event was celebrated on March 7th, where our little champions were recognised as both graduates and achievers of the year.

Our Head of School, Mr. Ramkumar, Management member, Ms. Sheela Vinod, and our Coordinator Ms. Merline Powell, graced the event and made the celebration even more special.

The celebration began with the proud graduation march of our K3 graduates, creating a memorable moment for parents and teachers. The graduates and achievers were awarded certificates and special gifts in recognition of their efforts and accomplishments.

Our Kindergarteners also showcased delightful cultural performances based on the theme "The Little Red Riding Hood." The K3 students presented a wonderful skit accompanied by an energetic dance performance. At the same time, the K2 children held a colourful fashion parade themed "Unity in Diversity" and greeted the K3 graduates with a special song. The celebration concluded with a heartfelt thank-you song performed by the K3 students.

To cherish these beautiful memories, students took photographs with their parents and families at the photo booth. It was truly a joyful and memorable celebration filled with pride, happiness, and achievement.

# Special Activity- Holi Celebration

Our campus was filled with colours of happiness, joy, and togetherness as our little stars celebrated the festival of Holi with great enthusiasm. The Kindergarteners enjoyed the festivities using safe and organic colours, making the celebration both joyful and environmentally friendly.

The celebration began with a brief introduction to the significance of Holi, where the children learnt that it is a festival of colours promoting the sharing of happiness, love, and togetherness. The children eagerly applied colours gently on their friends and teachers, spreading smiles all around.

To make the day even more special, our little ones participated in fun Holi-themed activities, including colouring worksheets, arts and crafts, and creative takeaways related to the festival. The campus was filled with laughter as the children revelled in the vibrant atmosphere.

The celebration also taught the children the importance of sharing, caring, and celebrating festivals with kindness and respect. With bright colours on their faces and big smiles in their hearts, our little champions truly enjoyed the Holi celebration.

# Talent Hunt Show

Our Kindergarteners enthusiastically participated in the Talent Hunt Show, confidently showcasing their unique talents and creativity.

The K1 Kiwi children took part in the Shake and Twirl dance competition, performing energetic dances to instrumental music. The K2 children participated in a Fashion Parade, creatively dressing up as their favourite musical instruments. Meanwhile, the K3 children displayed their creativity through a Kiddy Craft activity centred around the theme of Technology.

This event provided a wonderful platform for our little stars to express their talents, build confidence, and enjoy learning beyond the classroom.

# Parent Teacher Meeting

The third and final Parent-Teacher Meeting of the academic year provided a valuable opportunity for parents to engage with teachers and gain insights into their child's progress, achievements, and areas for improvement. Teachers discussed the overall development of the students and acknowledged their growth throughout the year. This meaningful interaction helped strengthen the partnership between parents and teachers in supporting the children's learning journey.

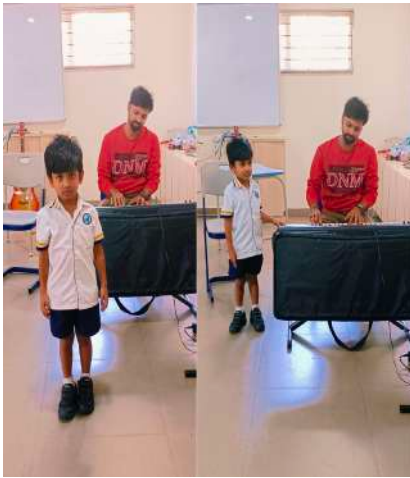

# Indoor Activity

Our Kindergarten children took part in an engaging indoor activity centred around the theme of Musical Instruments. These activities were designed to foster creativity, listening skills, and teamwork.

- The K1 children participated in an activity called "Make a Music," where they created sounds using various objects found around them.
- The K2 children enjoyed "Musical Mystery," where they visited the music room, listened to the sounds of different instruments, and identified each instrument by standing next to the correct one.
- The K3 children worked on a project called "Build a Robot." The K3 Kiwi students crafted the robot's head using sponge dabbing, the K3 Litchi students created the body by pasting coloured paper, and the K3 Strawberry students made the hands and legs of the robot.

The children actively engaged in these fun and creative learning experiences and thoroughly enjoyed them.

## Fear

Fear and love, intertwined in every sight,  
Every sound that echoes through the night.  
The secrets kept, the hiding from the light,  
Something feels wrong, yet what if everything's alright?  
Perhaps everything we see is staged with care,  
The applause that follows sounds like a familiar threat in the air.  
The tumultuous noise that never really touched me,  
is a fate I pray never to see.

Sometimes I cry, though tears may not fall,  
For crying's not just weeping, but also silent calls.  
It's screaming with the mouth closed, sweating with a stern face,  
And often, laughing out loud.

Hiding's an art, a skill I've learned to refine,  
But what if I'm hiding nothing,  
Nothing tangible, nothing that can get me into trouble.  
No fault, no blame, just fear itself,  
a weight that I bear.  
"You fear when you hide"  
That's what my mom says,  
So she's always suspicious,  
Always failing to understand.  
I blink once, and my hand bleeds, a memory sets me free.  
I blink twice, and I recall her hand bleeding too,  
Do I fear her?  
Do I fear becoming her, with fears anew?  
Or do I fear the one who sowed the seeds of fear in her?  
A mystified mind wanders, and figures that,  
All fears should be forgotten, not passed down.

## The Magic Power Within

Self-motivation is the inner drive that inspires us to achieve our goals and improve each day. It originates from within and does not rely on external rewards or pressure. As the famous quote says, "Push yourself, because no one else is going to do it for you." Studies indicate that self-motivated individuals are more likely to succeed because they remain focused and determined. Whether it involves studying, learning a new skill, or overcoming obstacles, self-motivation is essential for success. An interesting fact is that motivation is closely tied to our mindset and habits. Small daily actions, such as setting goals and maintaining a positive attitude, can gradually build strong self-motivation over time. People who have faith in themselves tend to perform better and handle failures with resilience. As Walt Disney remarked, "The way to get started is to quit talking and begin doing." Self-motivation also enables us to stay disciplined and consistent, even when challenges arise. In today's fast-paced world, self-motivation is more crucial than ever. It helps individuals maintain focus, confidence, and readiness to tackle challenges. History's great achievers have demonstrated that success results from persistence and inner strength. By cultivating self-motivation, we can unlock our true potential and move closer to our dreams. Ultimately, self-motivation is the key to achieving success and overcoming the challenges we face in life. With determination and a positive mindset, we can reach our goals and realize our full potential.

# Parent Talk

I am here to express my sincere gratitude to TGWS for nurturing my children. Since they joined TGWS, I have noticed significant improvement in their confidence, communication, and independence. They value a holistic approach that includes sports, arts, and academics. The teachers are dedicated, patient, and caring. The staff are easy to reach and cooperative, which makes me feel reassured about my child's well-being. A clean, secure, and positive school campus is very important. It provides a home-like feel. Overall, parents feel satisfied when they see their child happy, engaged, and developing both academically and personally in a secure and nurturing environment.
