TGWS Leadership Camp 2017-18

TGWS' Leadership Camp started off on 27th December, 2017 with ice breakers, Melodious Music Workshop, Team Building Activities and Socializing Bonfire. A great platform for students of different schools to come together . A great opportunity to enjoy, share, learn and grow. Looking forward to the next two days of education and entertainment...edutainment indeed!!!

TGWS Leadership Camp – 2017-18

Day 2 started off with a beautiful Nature Walk ,exciting Clay Modelling, Animation and Vegetable carving session , energetic aerobics and came to conclusion with a Climbathon at Kanjanagiri Hills.Second day of TGWS Leadership Camp started off with Nature and ended with Nature....

TGWS Leadership Camp 2017-18

The last day of the camp started off with Yoga and Meditation followed by team building games for the participants. The fun thrilled Dance workshop got the participants moving. The three day long camp day saw its finale with the Reflection session. TGWS Leadership camp brought in new learning and collaboration to cherish

27th TO 29th
DECEMBER 2017

TGWS was all set for Christmas and New Year

TGWS Celebrated Christmas and New Year for a week. TGWS Corridors were filled with festivity and jollity. It started from the very creative Christmas tree made from transparent sheets and green butterflies, even beautified with Green lights and Colored paper stars done by Children under the guidance of the Arts Department. The traditional Christmas Crib was set and the Santas of Primary and Middle School were ready going around wishing every one for a week. The Christmas Assemblies done by primary and Middle School on different days of the week added charm to the celebration. TGWS wishes every one Season's Greetings... "Merry Christmas and Happy New Year."

TGWS – Event Report 2017-18

TGWS' Art and Club Fest and Juvenile Vend

On 9th December Saturday, TGWS witnessed an array of colorful activities on the school campus with Middle School' Art and Club fest and Primarians'-Juvenile Vend complemented by the visit of Dheenabandu Ashram students to be part of this great learning experience, under the banner of TGWS Community Service. Information Technology, Maths , Model United Nations, Science , Arts and Literary Club came alive through the Club Fest .When the middle schoolers were busy with the exchange of rich scientific , practical and realistic academic activity, the primarians supported the crowd with their platter of delicacies ranging from -Chat to Bread Bites, From shake to Mohitos -arranged for the Juvenile Vend. The students, who visited our school from the Ashram, went back with new learning experiences. It was truly an 'edutainment' day at TGWS.

Thank you parents for encouraging the Geekains with your valuable presence.

TGWS – Event Report 2017-18

TGWS – Community Service Activity

Gurukulam Ashram students visited TGWS to witness the Club activities:

On 9th of December, The Geekay World School campus was in a joyous mood showcasing the Art & Club fest and the Juvenile Vend. All the clubs had beautiful and informative displays. The C.S Team came up with a splendid idea of inviting the Gurukulam Ashram students, Walajah to witness the club fest with a novel thought of giving a good exposure to the unprivileged students of Gurukulam Ashram. 30 students accompanied by 3 teachers from the Ashram were invited to the spectacular club fest. They had been escorted and guided by Ms. Deepa, Ms. Venkatlakshmi and Ms. Shalini to the various clubs. Our TGWS students elucidated well about each club (Model United Nation, IT, science, math, II lang, Social science and Nature club). Kids conducted the games on many topics. Snacks were provided to the visitors from the school. On the whole the students from Gurukulam enjoyed the trip.

TGWS' Annual Sports Meet

The Geekay World School's Annual Sports Meet 2017-18 was held recently. The mini umbrella display, tambourine drill, butterfly drill and reflector drill stole the heart of the audience on Junior Sparta and the Human Pyramid and Korean Fan display captured the attention on Senior Sparta proving the perfect co-ordination and synchronized training extended to the students over a period of time by the faculty supported by a unique and strong Sports Curriculum at TGWS. Alexander -the famous Cricketer of the Tamil Nadu Premier League and Dr. Grace Helina-The Former Vice

Chancellor of Tamil Nadu Sports University graced the occasion and declared the Sports Meet open as chief guests. Dr. Grace Helina gave an encouraging speech for the Senior Spartans where she pointed out the importance of physical fitness. The Individual Championship and overall trophy were awarded to the Geekay Winners in the presence of the Managing Director, Vinod Gandhi, Director of Operations, Santhosh Gandhi and Head of School, Dr. Praseedha Sreekumar on both the days. The overall championship for Sparta was taken home by the Air House.

Day:23; **Talent hunt show:**
k1-Amazing Handicraft
k2-Twist & Turn
K3-2nd Language Recital

Star Student

of the month

K 2 Kiwi

DHARRSHINI SHRI

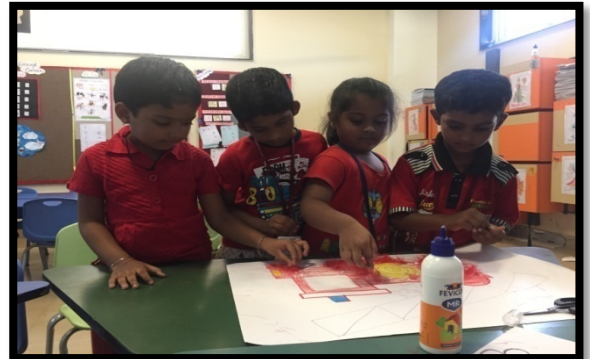

Colour of the Month-Red:

"Red is the colour of Love and Affection". It represents joy, passion, desire, good fortune and ambition. November 1st 2017 was the most fun filled day for all the students of Kindergarten as they celebrated Red Day. The little ones came dressed up in red colour.

Since 'Red' was the colour of the month. Students prepared modes of Transport and decorated them with crayon shavings, and other decorative materials. The importance of red light in the fire engine was taught. Students enjoyed singing and dancing with their teachers. It was a great blast.

Fire engine is in red.

Ready to move.

Shall we go for a tour?
Here we made a red school bus for us.

Pom, Pom. We are fixing the parts
of the car.

Our achievements with color.

Little Act of Kindness:

Teaching kindness to children is very important. So our teachers made the children enact how to be kind and polite with others. They enjoyed playing the skit.

I love to help my parents.

We will help blind people.

Don't throw stone on dogs.

We should be kind to animals.

Outdoor Activity:

k1-Nature Walk:

Nature Walk is an environmentally friendly activity where children develop a strong connection with the natural world and also it provides organic learning. A nature walk is a great way to enhance children's appreciation of the natural environment. It encourages them to touch – to discover the smoothness of a rock, the roughness of bark, and the fragility of a dried leaf.

1, 2, 3 counting is easy.

Trees are green. Plant more saplings to save nature.

K3-Animal Walk:

Animal walking is a great way to develop dynamic cores strength of children. In addition to being fun, walking like various animals can help develop gross motor skills, and core strength. The child will become active by moving like an animal. Here our children had done animal walks like Penguin Waddle, **Snake Slither**, **Frog Jump**, **Bear Walk** and **Crab Walk**. Animal walks gave a lot of fun and was really a challenge to the core.

Wow! it's a great task.

It's time to reach the destination.

Indoor Activity: k2-Clay Modelling:

As children explore and play with modelling clay, they discover how to make basic forms, develop hand-brain coordination, agility and fine motor skills. Clay modelling gives children many opportunities to be creative and can also result in longer attention span. Playing with clay products, pinching it, rolling it and squeezing it into shapes, relaxes young children. It makes the children feel happy.

We enjoyed making vehicles using clay.

Wow, my bus is very beautiful.

We are the creators.

Look at my friend's work.

k3-Go as you like:

Talent hunt show was held on 12th December, 2017 for the students of Kindergarten. K3 students' concept was animals, So they selected the theme 'Animals'. The students dressed up as animals like Cow, Tiger, Elephant, Deer, Lion, Cat and Rabbit and also they spoke a few words on the character. The students spoke with confidence and were dressed up extremely well.

I am thinking.

I am a cute cat.

I am your pet.

Hrr ! Don't be afraid of us.

United We stand, divided we fall.

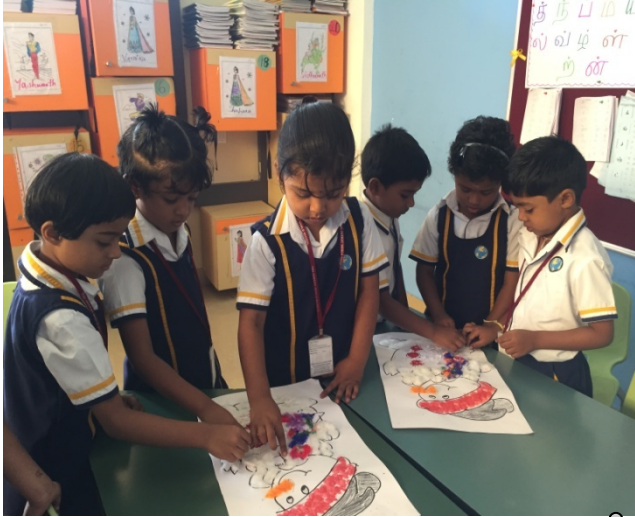

Mini Jungle in TGWS.

Special Activity:

Making Christmas Decoration:

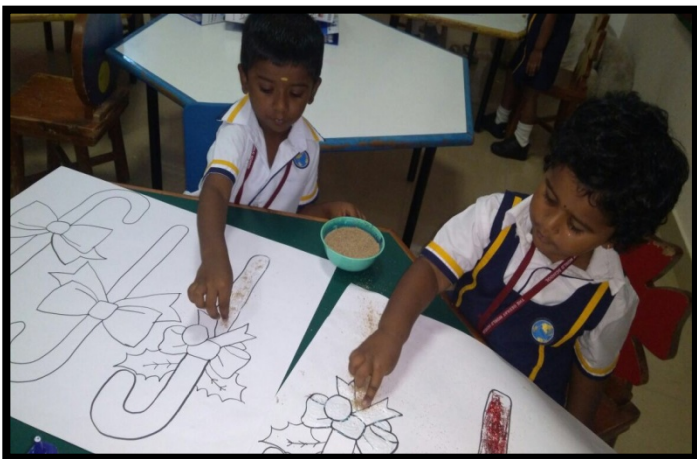

Christmas is a time to give and forgive. *Christmas* is such a *great* time of year to have *crafts with kids*. Our children created Snowman, Santa, Christmas tree and Candies with crayon shavings, color papers and cottons. They enjoyed their own creativity with full joy and happiness.

We like to decorate the snow man.

Snow man is getting ready to watch us.

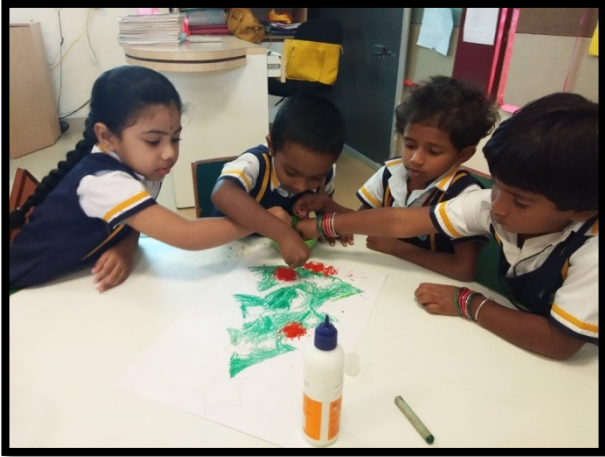

We love to do decorative items for Christmas.

Sprinkling crayon shavings on candy sticks.

Making christmas Decoration: contd...

We are happy to do the Christmas tree.

Christmas celebration started with decorative items.

We decorated our Santa.

We celebrate all the festivals in our school.

Field Trip-K3:

Field trips are a way of enhancing classroom learning by making real world connections. The trips give students the opportunity to observe a particular environment that enables first-hand experience of what they are learning. In addition, students achieve a higher level of critical thinking when they evaluate their own learning compared with what they get exposed to, and they are able to modify their knowledge based on their personal experiences.

Like wise our k3 children got opportunity to go for a field trip on December 14th 2017.. In our curriculum their concept is farm animals, so they went to visit all different types of birds and animals in the farm house. They enjoyed by seeing the fan tail Pigeon, male and female Turkey, rabbit with the Bunny, hamburg chick and duckling. After visiting the farm house, our children gave the refelection on the white paper with their own creativity. It was amazing and wonderful.

Soft Rabbit!

Happy to see fish in the pond.

Wow, great feel.

Field Trip-K3: contd..

Hi Turkey!

Colorful love birds.

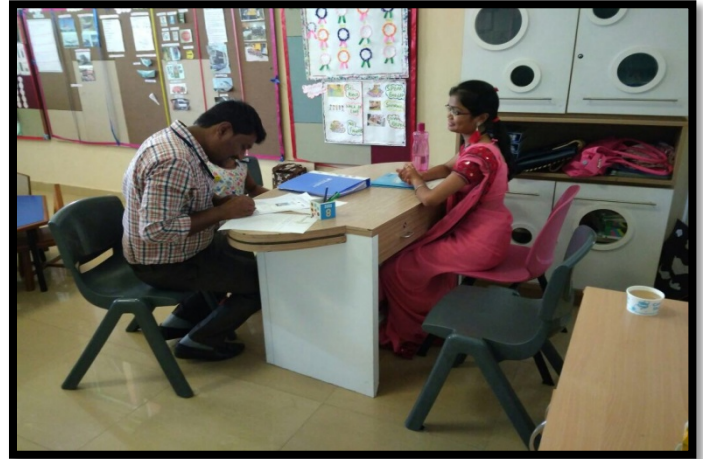

PTM:

PTM aims to have a short meeting between the parents and teachers of students to discuss the progress at school and find solutions to academic as well as the behavioral challenges faced by the kids.

Good rapport between the parent & teacher.

Parent's zeal in child's growth.

Good involvement of parents.

They are proud to see the improvement of their child ward.

Parents felt very happy after seeing the excellence card.

k2-Assembly:

The assembly was conducted by K2 children and the students spoke well about the different colors. Children gave a good speech on colors like red, green, yellow etc. k2 children performed a dance for the concept colors..

We learnt colors through dance.

Red stands for fire and blood.

Colorful dance by k2 students.

k3 Assembly:

The assembly was conducted by K3 and the students spoke well about the proverbs used in Languages(Tamil and Hindi). Children gave a good speech on Thirukural in both Tamil and English. K3 children performed a dance for the Christmas celebration.

Rhymes are filled with rhythm.

Proverbs are useful for our life.

Art Expo:

An exhibition of student art is an opportunity to enjoy the creativity of young people and engage with their culture. Student art exhibitions are part of a big picture plan to improve learning outcomes and provide real benefits for students.

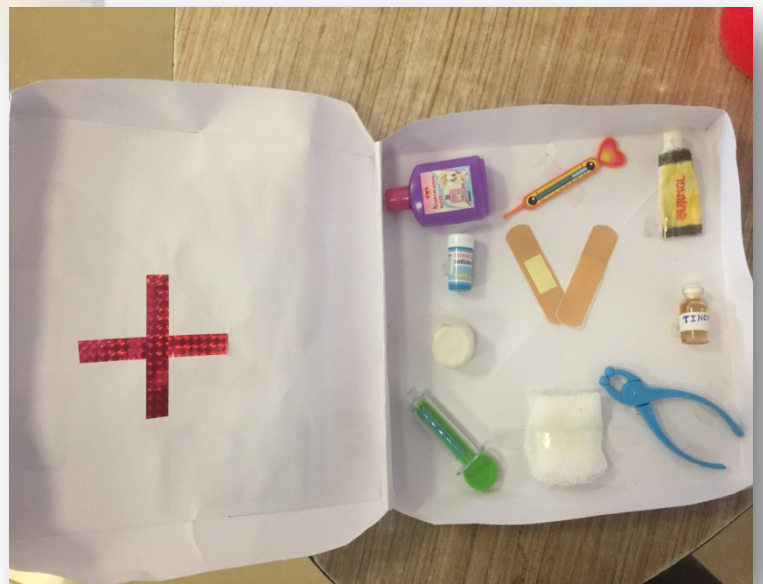

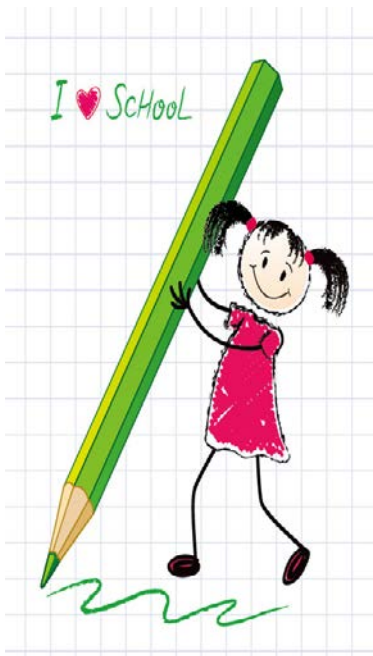

We are looking at our art work.

Student's Corner:

Jemie Annie.P.S - k2 Kiwi

Kritin - k2 Litchi

I love being a kindergarten teacher. It's one of the best jobs in the world. I believe that children are our future and i am happy to be the person who gives them the opportunity to create their interest in learning and come up with more queries and new ideas. I like the children and their continuing ability to amaze me. Children are so sweet and innocent but their level of thinking is great . I enjoy teaching them to read and understand the phonics, basic math and important concepts. I believe that the positive experience of this school environment will encourage a love for learning better and greater.

"Teaching is my passion, now
Kindergarten teaching has become my long-lasting
career".

Ms.Ashwini
K1 Facilitator-TGWS.

We are incredibly grateful that our daughter K.K.Sharvikhasri of k3-kiwi is an TGWS student. It was only a matter of weeks after her joining we know we had made the right educational decision. Her classroom environment feels like a customized world made just for kids. The teaching Philosophy is top match and encourages my daughter to build on her strengths as well as her challenges. My daughter looks forward to school everyday and shares her daily experiences with so much excitement that we cannot to wait to hear what is next. The teachers are always available to help and answer her as well as our questions. This is how they show how committed they are. We are so happy and proud to be a part of TGWS.

Mr.Kamal and Mrs.Kavitha
